ADEPT MEDICAL STORAGE SYSTEM

A space-saving, storage solution
for the Adept Medical suite.

ADEPT MEDICAL STORAGE SYSTEM

A space-saving, storage solution for the Adept Medical suite

Custom-designed for your Adept Medical products, the Adept Medical Storage System is a low-profile, wall hanging solution to help organise your workspace with ease, speed and efficiency.

Offering the flexibility to mount equipment in-lab for easy access, or out of sight in another space, it streamlines the patient setup workflow, and post procedure tidy up.

Made from a robust plastic material, it is lightweight, easy to clean, and easily installed by screwing directly onto the wall.

The simple bracket system frees up floorspace, reduces tripping hazards, offers clear product visibility, and keeps your products safe.
